

Once in Europa

Berger's modern classic updated with glorious photos. John Berger has spent a lifetime experimenting with new ways of storytelling, often using both words and images as in books such as *Another Way of Telling* and *A Fortunate Man*, where he worked with photographer Jean Mohr, and in his world-renowned *Ways of Seeing*. Now, together with artist-photographer Patricia MacDonald, the beautiful love story found in his earlier collection, *Once in Europa*, is retold, in an emotionally and visually stunning combination. MacDonald's powerful images, made from the air and close to the ground, and containing many layers of meaning, create a landscape and a weather for this contemporary classic.
