

Luminous

In the shadows lies the unknown; ones fate hidden within sheer unrelenting blackness. Within its cover, deception waitseager to embrace. But what if the shadows concealed your secrets? And within the rift of night you grew potently strong and your realities blurred? What if the shadows held the one you loved and its realm was to become your sanctuary? This is the story of Lily Devlin, a young woman who believes that her life has forever changed with the murder of her parents. But Lily is yet to learn that this is merely a small taste.

After an unbelievable absence in the woods, Lily tries to move forward to find some way to deal with her new circumstances. But something keeps distracting her. The night beckons her. The moon calls her to the woods. Her desires are no longer hers alone. And she knows now. She has been bitten; altered. Evolving within the shadows that were once a nightmare to her; now she, is the monster. No longer will there be a dark dimension. No longer will the night hide its secrets. For the moons allure possesses smoldering flame and lucid shadow; for she has become...Luminous.
