

Cold Caller: A White Collar Noir (Norton Paperback)

A ravingly readable tale of a downwardly mobile yuppie wholl just kill to get ahead. Think Jim Thompson with an MBA. Once Bill Moss was a rising VP at a topflight ad agency, but now he works as a cold caller at a telemarketing firm in the Times Square area. Hes got a bad case of the urban blues. Still, hes good at his work and (he thinks) about to be promoted, when out of the blue hes fired. So Bill snaps ... and the next thing he knows he has a dead supervisor on his hands and problems no career counselor can help him with. In Cold Caller Jason Starr retools the James M. Cain novel of cynical suspense and murder for the fiber-optic age.
