

FEAR IN THE FOREST (Short stories Book 1)

Short story: FEAR IN THE FOREST is the story about two woodsmen working in a forest and of another being taken on to work with them and of their response to accepting him as their fellow work-mate. Through persistent questioning by Danny, the younger of the two regular workers, regarding the background of Julian, their new arrival, an explosive situation develops that finally erupts between them, bringing the story to a rather frightening and fearful conclusion.
