

Stephanie

From the acclaimed author of *Marnie* and the *Poldark* series comes *Stephanie*, a novel laced with suspense and surprises. When the beautiful young daughter of a prominent gentleman is found dead, the coroner is naturally reluctant to bring a verdict of suicide. But what he doesn't know was that it was actually murder. Set in Goa, India, Oxford, and London, this story introduces an absorbing cast of characters: Stephanie, a happy young woman with a brilliant future; Errol Colton, her worldly lover; James, her father, a man of courage and determination who will fight for justice even if it costs him his life; and Nari, a young Indian blackmailed into degradation. When Stephanie discovers that Errol is not at all what she believed him to be, she must make a choice about what to do with the damning knowledge. If someone finds out that she knows, her life, as well as her lovers, will be at risk.
