

## The Delicate Storm

The author of *Forty Words for Sorrow* The small city of Algonquin Bay in northern Ontario: A freak warm front has moved in, making it feel like April and rousing hungry bears from hibernation within days of each other can't be a coincidence. Then police records reveal a long-unsolved murder with the same MO: a woman found in the woods, seemingly errorists. Logic suggests the Algonquin Bay murders are connected to this case. Evidence is less convincing. And somewhere, a murderer-smart and powerful-is walking free.
